

Ultimate Medical Academy Offers Reliable Staffing Solutions to Physicians

Take out the headache of staffing from your practice - UMA offers externships and job placement for qualified candidates

Ultimate Medical Academy (UMA) offers skilled candidates who are prepared to become a valuable part of your team from day one. Our students have hands-on experience with the industry's current medical equipment and procedures, and have trained under seasoned instructors in the healthcare industry. With relevant experience in real-world situations, UMA students have the fundamental life skills and competence to succeed in their chosen healthcare field.

The best part is: our staffing solutions are free! UMA is here to partner with your practice to fill various positions by providing consistently prepared and qualified applicants *at no cost to you*. UMA externs are also available, giving you the opportunity to tailor our students to your practice's unique environment and professional needs.

We can arrange interviews for you and hand-select students that will be the best match for your practice. We monitor their progress every step of the way!

Our candidates are trained to work in a variety of positions:

- Basic X-Ray Technician
- Medical/Clinical Laboratory Assistant
- Phlebotomy Technician
- Dental Assistant with Expanded Functions
- Nursing Assistant
- Medical Billing and Coding
- Patient Care Technicians

“We, here at Westcoast Spine and Injury, love having students from UMA,” said Dr. Mylisa Epps of Westcoast Spine & Injury, “We greatly benefit from having them here. They work as a part of our team. UMA’s curriculum is perfect for what we are looking for. The students come in and are very well prepared.”

Want to know more about UMA? Ultimate Medical Academy is a leading health care career school located in both Pinellas and Hillsborough counties. They are dedicated to providing students with the highest-quality of career training and education in a student-focused environment spanning more than 15 years. UMA is licensed by the Florida Commission for Independent Education (CIE) and accredited by the Accrediting Bureau

of Health Education Schools (ABHES). UMA holds a membership status to the Career College Association (CCA) and the National Healthcareer Association (NHA).

UMA also boasts real-world, competitive facilities and equipment and hands-on training, which provides students with skills through externship and lab experiences. Dedicated, industry-experienced instructors lead day-time as well as evening and weekend classes.
